# **I. INTERNATIONAL CONVENTION FOR THE NORTHWEST ATLANTIC FISHERIES**

## **A. Introduction**

The fisheries of the Northwest Atlantic Ocean are the oldest in the Western Hemisphere, having been prosecuted for more than 300 years. During recent years certain fisheries of the area, particularly off the New England coast of the United States of America, have shown signs of depletion.

In order to consider problems affecting the fisheries of the Northwest Atlantic, the United States of America convened a conference of 11 countries at Washington in January 1949. The work of this conference resulted in the opening for signature on 8 February 1949, of the International Convention for the Northwest Atlantic Fisheries, hereinafter referred to as the Convention.

## B. Text of the Convention

The Governments, whose duly authorized representatives have subscribed hereto, sharing a substantial interest in the conservation of the fishery resources of the Northwest Atlantic Ocean, have resolved to conclude a convention for the investigation, protection and conservation of the fisheries of the Northwest Atlantic Ocean, in order to make possible the maintenance of a maximum sustained catch from those fisheries and to that end have, through their duly authorized representatives, agreed as follows:

### *Article I*

1. The area to which this Convention applies, hereinafter referred to as "the Convention area", shall be all waters, except territorial waters, bounded by a line beginning at a point on the coast of Rhode Island in  $71^{\circ}40'$  west longitude; thence due south to  $39^{\circ}00'$  north latitude; thence due east to  $42^{\circ}00'$  west long; thence due north to  $59^{\circ}00'$  north lat; thence due west to  $44^{\circ}00'$  west long; thence due north to the coast of Greenland; thence along the west coast of Greenland to  $78^{\circ}10'$  north lat; thence southward to a point in  $75^{\circ}00'$  north lat and  $73^{\circ}30'$  west long; thence along a rhumb line to a point in  $69^{\circ}00'$  north lat and  $59^{\circ}00'$  west long; thence due south to  $61^{\circ}00'$  north lat; thence due west to  $64^{\circ}30'$  west long; thence due south to the coast of Labrador; thence in a southerly direction along the coast of Labrador to the southern terminus of its boundary with Quebec; thence in a westerly direction along the coast of Quebec, and in an easterly and southerly direction along the coasts of New Brunswick, Nova Scotia, and Cape Breton Island to Cabot Strait; thence along the coasts of Cape Breton Island, Nova Scotia, New Brunswick, Maine, New Hampshire, Massachusetts, and Rhode Island to the point of beginning.

2. Nothing in this Convention shall be deemed to affect adversely (prejudice) the claims of any Contracting Government

in regard to the limits of territorial waters or to the jurisdiction of a coastal state over fisheries.

3. The Convention area shall be divided into five subareas, the boundaries of which shall be those defined in the Annex to this Convention, subject to such alterations as may be made in accordance with the provisions of paragraph 2 of Article VI.

### *Article II*

2. The Commission shall prepare an annual administrative budget of the proposed necessary administrative expenditures of the Commission and an annual special projects budget of proposed expenditures on special studies and investigations to be undertaken by or on behalf of the Commission pursuant to Article VI or by or on behalf of any Panel pursuant to Article VII.

3. The Commission shall calculate the payments due from each Contracting Government under the annual administrative budget according to the following formula:

- (b) the remainder shall be divided into such number of equal shares as corresponds to the total number of Panel memberships;
- (c) the payment due from any Contracting Government shall be the equivalent of 500 United States dollars plus the number of shares equal to the number of Panels in which that Government participates.

*(Amended by 1973 Protocol, p. 47)*

4. The Commission shall notify each Contracting Government the sum due from that Government as calculated under paragraph 3 of this Article and as soon as possible thereafter each Contracting Government shall pay to the Commission the sum so notified.

5. The annual special projects budget shall be allocated to the Contracting Governments according to a scale to be determined by agreement among the Contracting Governments, and the sums so allocated to any Contracting Government shall be paid to the Commission by that Government.

6. Contributions shall be payable in the currency of the country in which the seat of the Commission is located, except that the Commission may accept payment in the currencies in which it may be anticipated that expenditures of the Commission will be made from time to time, up to an amount established each year by the Commission in connection with the preparation of the annual budgets.

7. At its first meeting the Commission shall approve an administrative budget for the balance of the first financial year in which the Commission functions and shall transmit to the Contracting Governments copies of that budget together with notices of their respective allocations.

8. In subsequent financial years, the Commission shall submit to each Contracting Government drafts of the annual budgets

together with a schedule of allocations, not less than six weeks before the annual meeting of the Commission at which the budgets are to be considered.

#### *Article XII*

Each Contracting Government shall transmit to the Commission a statement of the action taken by it for these purposes.

#### *Article XIII*

The Contracting Governments agree to invite the attention of any Government not a party to this Convention to any matter relating to the fishing activities in the Convention area of the nationals or vessels of that Government which appear to affect adversely the operations of the Commission or the carrying out of the objectives of this Convention.

#### *Article XIV*

The Annex, as attached to this Convention and as modified from time to time, forms an integral part of this Convention.

- d) Appropriations remaining in the General Fund at the end of the 12-month period specified in Rule 3.2 for prior year obligations, but not disbursed;
- e) Refunds, from any source, of prior expenditures of the Commission;
- f) Bank interest.

4.5 Monies available in the Working Capital Fund may be transferred to the General Fund temporarily to the extent necessary to finance appropriations pending receipt of annual payments by Contracting Governments.

4.6 The Chairman of the Commission, after consultation with Commissioners, may authorize expenditure of available

funds, not appropriated, for unforeseen and extraordinary expenses necessary to the good conduct of the business of the Commission. Such funds may not be in excess of 20% of the annual administrative budget for the current financial year, and except to the extent recoverable from some other source shall be reimbursed through the submission of supplementary estimates. Monies available in the Working Capital Fund may be transferred to the General Fund to finance such authorized expenses.

4.7 The Standing Committee on Finance and Administration and the Commission shall review the amount available in the Working Capital Fund during each annual meeting. Insofar as possible the Commission shall anticipate capital and special expenditures during the succeeding 3 years and shall attempt to maintain the Working Capital Fund at such a level that appropriations can be made from the Fund for such purposes instead of being included in the annual administrative or special projects budgets. However, the Working Capital Fund shall be maintained at a level, determined by the Commission, sufficient to finance appropriations in accordance with Rule 4.5 and for use in an emergency in accordance with Rule 4.6. Any monies determined to be in excess of the needs of the Working Capital Fund shall be transferred to the Miscellaneous Fund.

4.8 The Executive Secretary shall inform each Contracting Government of the annual payments due, in accordance with Article XI, paragraphs 3, 4, and 5, as soon as possible after the Commission has adopted the annual administrative and special projects budgets. In assessing the amounts due, the Executive Secretary shall make the following adjustments:

- a) Include supplementary appropriations for which assessments have not previously been made on Contracting Governments;
- b) Reduce the amount appropriated in the administrative budget by monies available in the Miscellaneous Fund, which shall be transferred to the General Fund on the first day of the financial year.

At the same time the Executive Secretary shall inform each Contracting Government of any new contributions required for the Working Capital Fund, which shall be determined in the same manner as the annual payment to the annual administrative budget;

- c) Reduce the amount appropriated in the administrative budget by the amount of staff assessments, if any.

4.9 The Standing Committee on Finance and Administration, in reporting on an estimate for a special projects budget, shall recommend a scale for allocation of the budget to Contracting Governments.

4.10 Annual payments and contributions shall be due and payable in full within 30 days of receipt of the information from the Executive Secretary referred to in Rule 4.8, or the first day of the financial year, whichever is later. As of the first day of the following financial year, the unpaid balance shall be considered to be in arrears.

Any Contracting Government more than 2 years in arrears shall not vote at any meeting until the unpaid balance has been received by the Commission.

4.11 All payments and contributions from Contracting Governments shall be made in Canadian dollars, unless, upon recommendation of the Standing Committee on Finance and Administration, the Commission specifies otherwise in adopting the budget.

4.12 New Contracting Governments shall make an annual payment within 90 days of depositing an instrument of adherence with the Depository Government for that financial year. The payment shall be the same as for a Contracting Government with one Panel membership, provided that the payment shall be one-half this amount if the adherence is deposited during the last 6 months of the financial year. At the same time, new Contracting Governments shall contribute 1,000 Canadian dollars to the Working Capital Fund.

6.3 The Executive Secretary shall include in the estimate for the following financial year salary amounts increased in accordance with the salary scale for each member of the staff whom he deems to be performing his duties in a satisfactory manner, and increased for the Executive Secretary (subject to review by the Commission). He shall also include such additional amounts as would be necessary to implement a recommendation for modification of the salary scale or position classifications.

6.4 There shall be an assessment on the salary of each member of the staff, based on the amount of relief from Canadian Income Tax, the amount to be determined by the Executive Secretary in consultation with the Canadian authorities. 8.2 Having regard to the budgetary provisions for the audit, and after consultation with the Standing Committee on Finance and Administration relative to the scope of the audit, the Auditors shall perform such an audit as they deem necessary to certify:

- a) that the financial statements are in accord with the books and records of the Commission;
- b) that the financial transactions reflected in the statements have been in accordance with the rules and regulations, the budgetary provisions, and other applicable directives;
- c) that the monies on deposit and on hand have been verified by certificate received direct from the Commission's depositories or by actual count.

8.3 Subject to the directions of the Commission, the Auditors shall be the sole judge as to the acceptance in whole or in part of the certifications by the Executive Secretary and may proceed to such detailed examination and verifications as they choose of all financial records, including those relating to supplies and equipment.

8.4 The Auditors may affirm by test the reliability of the internal audit, and may make such reports with respect thereto as they may deem necessary to the Commission, to the Standing Committee on Finance and Administration or to the Executive Secretary.

8.5 The Auditors and their staff shall have free access at all convenient times to all books of account and records which are, in the opinion of the Auditors, necessary for the performance of

the audit. Information classified in the records of the Executive Secretary as confidential, and which is required for the purposes of the audit, shall be made available on application to the Executive Secretary.

8.6 The Auditors, in addition to certifying the accounts, may make such observations as they deem necessary with respect to the efficiency of the financial procedures, the accounting system, the internal financial controls and, in general, the financial consequences of administrative practices. In no case, however, shall the Auditors include criticism in their audit report without first affording the Executive Secretary an opportunity of explanation to the Auditors of the matter under observation. Audit objections to any item in the accounts shall be immediately communicated to the Executive Secretary.

8.7 The Auditors shall have no power to disallow items in the accounts, but shall draw to the attention of the Executive Secretary for appropriate action any transaction concerning which they entertain doubt as to legality or propriety.

8.8 The Auditors shall prepare a report on the accounts certified, and on any matters on which the Commission by resolution thereon may from time to time give specific instructions.

8.9 The Auditors shall submit their report to the Commission not later than 6 months following the end of the financial year to which the accounts relate. The Standing Committee on Finance and Administration shall forward to the Commission its comments, if any, on the audit report.
