The Ad Hoc Virtual NAFO Website Re-Design Working Group: Data Classification (WG-DATA)**

In June 2020, the *Ad Hoc* Virtual Working Group met and **agreed** that **before** a NAFO documentation policy could be developed regarding posting meeting documentation, such as Working Papers, to the general public on the NAFO website that **feedback was required from NAFO Bodies, Standing Committees, and Working Groups. This feedback would be sought during upcoming meetings in 2020/2021.**

The *Ad Hoc* Virtual Working Group agreed that:

1. Feedback be requested from NAFO Bodies, Standing Committees, and Working Groups during upcoming meetings in 2020/2021 regarding two matters (as outlined in COM WP 20-20)
 - a. Factors to consider in the development of a hybrid meeting documentation policy, and
 - b. Factors to consider in the development of appropriate confidentiality guidelines for NAFO meeting documentation, such as Working Papers.

An update will be provided to STACFAD at the 2021 Annual Meeting of NAFO.
