

Michael Fahay. 2007. Early Stages of Fishes in the Western North Atlantic Ocean (Davis Strait, Southern Greenland and Flemish Cap to Cape Hatteras).

Volume 1: Acipenseriformes through Syngnathiformes. p 1 - 931.

Volume 2: Scorpaeniformes through Tetraodontiformes. p. 932 - 1696.

This comprehensive scientific publication is the only up-to-date textbook providing detailed descriptions and accurate drawings of the early life-history stages of the fishes from the Northwest Atlantic Ocean north of 35°N and west of 40°W. The region covers the world's most famous fishing grounds and includes the Davis Strait, southern Greenland, Flemish Cap, Georges Bank, northern Sargasso Sea and Middle Atlantic Bight to Cape Hatteras.

The price for both Volumes is \$120 CDN for North America

The price for both Volumes is \$135 CDN for International/Overseas

Prices include postage, shipping and handling
