Pilot Project for a NAFO Observer Scheme

Recommendation for increased coverage in  
the *Greenland Halibut* fishery

Pursuant to the extension of the Pilot Project for a NAFO Observer Scheme, the Fisheries Commission recommended that Contracting Parties increase observer coverage in the Greenland halibut fishery in the Regulatory Area of the Subareas 2+3 to 20% of the Contracting Party's total estimated fishing days on ground for that fishery in 1995 (Report of the Fisheries Commission, item 3.7).
