SPECIAL MEETING OF THE FISHERIES COMMISSION - JUNE 1995

RESOLUTION

THE FISHERIES COMMISSION

Having considered the joint proposal by Canada and the European Community to NAFO for 1995 that:

- (a) The 27,000t TAC for 2+3 Greenland halibut be divided as follows:
- | | |
|---------------------------------|---------------|
| - 2+3K (Canadian 200 mile zone) | 7,000 tonnes |
| - 3LMNO | 20,000 tonnes |
- (b) The 7,000t allocation for 2+3K (within Canadian 200 mile zone) for Greenland halibut be allocated to Canada;

Recalling Scientific Council reports which have cautioned about concentrating fishing effort on one part of the stock;

Noting that the catches of Greenland halibut in the NAFO Regulatory Area will take place entirely in 3LMNO;

Noting that Canada will limit its catch in 2+3K to 7,000t and in 3LMNO to 3,000t;

HAS AGREED to implement its decisions for 1995 with respect to 2+3 Greenland halibut by specifying that:

- (a) Sub-area 2+3 shall, as regards the management of Greenland halibut, be geographically divided as follows:
- | |
|---------|
| - 2+3K |
| - 3LMNO |
- (b) The TAC for 3LMNO shall be 20,000t.
