

Serial No. N5297

NAFO/FC Doc.06/9

28TH ANNUAL MEETING - SEPTEMBER 2006

Proposal from Denmark (in respect of the Faroe Islands and Greenland) & Iceland

Pelagic *Sebastes mentella* (oceanic redfish) in the NAFO Convention Area (Adopted)

DFG & Iceland propose the following amendments to the Conservation and Enforcement Measures (highlighted in bold):

Article 10. Gear requirements

1. Minimum authorised mesh sizes shall be as follows:

e) **100 mm for pelagic *Sebastes mentella* (oceanic redfish) in Sub-Area 2 and Divisions 1F & 3K**

Annex 1.A Annual Quota Table

Footnote 10: In the case of the NEAFC decision which modifies the level of TAC in **2007** as compared with **2006**, these figures shall be accordingly adjusted by NAFO and formalized through a mail vote.
