NAFO/FC Doc. 09/22  
(ADOPTED)

**FISHERIES COMMISSION INTERSESSIONAL MEETING – NOVEMBER 2009**

Proposal

As an interim measure for 2010, Fisheries Commission agrees to reduce by 50% the allocated fishing days for 3M shrimp.

Fisheries Commission has agreed to adopt additional measures for 2011, conditional on Scientific Council advice indicating that shrimp 3M stock is still in the collapse zone.
