

ANNUAL MEETING - JUNE 1966

Summary of Fishing Effort for the Year 1964
(as submitted on ICNAF Statistics Form 3)

by L. R. Day and J. Maclellan

Data on fishing effort for the years 1961 and 1962 were summarized in 1964 Annual Meeting Document No. 2 (Serial No. 1204). Data for 1963 were summarized in 1965 Annual Meeting Research Document No. 62 (Serial No. 1529).

Data following are for the year 1964 and were reported from Canada (M&Q), Canada (Newfoundland), France (mainland), France (St. P&M), Federal Republic of Germany, Japan, Norway, Poland, Portugal, Spain, USSR, UK and USA. Data from Denmark (Greenland), Denmark (Faroes) and Iceland are not available. Italy did not fish in the Convention area in 1964.

It should be noted that the 1965 Annual Meeting recommended extra effort to obtain complete information on fishing effort for 1965 on ICNAF Statistics Form 3 and, if successful, publish only the 1965 summaries in the 1965 List of Vessels.
