FIFTH SPECIAL MEETING - NOVEMBER 1974

Canadian proposal re haddock closed areas in Subareas 4 and 5

In view of the increasing difficulty of affording adequate protection to the haddock stocks of Subareas 4 and 5, the Canadian delegation proposes that, at the Special Meeting of Panels 4 and 5 to be held in Miami from November 12 to 15, 1974, consideration be given to extending the size and duration of application of the haddock closed areas within the two Subareas.
