NAFO SCS Doc. 97/15

SCIENTIFIC COUNCIL MEETING - JUNE 1997

Tagging Activities Reported for the Northwest Atlantic in 1996

Compiled by NAFO Secretariat

At the 1974 Annual Meeting of ICNAF's Standing Committee on Research and Statistics, it was recommended that fisheries laboratories be requested to report to the Secretariat details of tag releases in the Northwest Atlantic and that the Secretariat promptly circulate the information and also collate the material received each year for presentation to the Annual Meeting. NAFO, since 1980, has carried on the practice. Tagging information provided from 1975 to 1995 were compiled and presented in ICNAF Sum. Doc., 76/VI/28, 77/VI/19, 78/VI/19, 79/VI/21 and NAFO SCS Doc. 80/VI/7, 81/VI/6, 82/VI/4, 83/VI/8, 84/VI/5, 85/4, 86/3, 87/8, 88/7, 89/06, 90/11, 91/7, 92/8, 93/7, 94/7, 95/7 and 96/8.

Information received at the Secretariat regarding tagging carried out during 1996 were circulated in NAFO Circular Letter 96/43, and NAFO Scientific Council Letter 97/35. Each of the letters contained a reminder that reports on tag releases should be forwarded to the Secretariat as soon as possible after the tagging was carried out.

A summary of tagging activity in 1996 by species, country and division is given in Table 1, and details of 1996 tagging are given in Table 2. The ranges of serial numbers listed do not always reflect the precise number of tags used, as the national reports sometimes indicated that a few tags were missing from the series used. The following reported tagging in 1996.
