

**Serial No. N4230**

**NAFO SCS Doc. 00/12**

**SCIENTIFIC COUNCIL MEETING - JUNE 2000**

**Historical Nominal Catches for Selected Stocks**

by

NAFO Secretariat

The Secretariat had for many years routinely published tabulations of the catches of selected species considered to be relatively important commercially, by stock area and country (following the ICNAF guidelines). After a Summary Document (SCS Doc. 86/2) which presented data for the 22 year series from 1963 to 1984, annual publications have presented 11-year tabulation updates for 1975 to 1985, 1976 to 1986, etc. in SCS Doc. 87/3, 88/1, 89/7, 90/1, 91/1, 92/5, 93/5, 94/1 and 95/5. The data presented in the SCS Doc. Publications may at times have been subsequently revised, as corrections and clarifications were received at the NAFO Secretariat. Revised data for the period 1960-90 was published in April 1995 as *NAFO Statistical Bulletin, Supplementary Issue, Fishery Statistics for 1960-90*.

In the years following, statistical information has not been received on a timely basis at the NAFO Secretariat and consequently this series was not maintained. Collection of data is progressing and the data presented in this publication are the current updated figures available at the NAFO Secretariat, and constitute catch records for the 11-year period 1988-98 for only the species and stocks for which the Fisheries Commission seeks advice.

Cod in Div. 3M  
Cod in Div. 3NO  
Redfish in Div. 3M  
Redfish in Div. 3LN  
American plaice in Div. 3M  
American plaice in Div. 3LNO  
Yellowtail flounder in Div. 3LNO  
Witch flounder in Div. 3NO  
Capelin in Div. 3NO  
Greenland halibut in Div. 3LMNO  
Squid in Subareas 3+4

The following tables do not include USA data for 1994-98 or Faroes data for 1998.

The tables in this document are generated from the text files available on the NAFO website under 'Statistics'
