DOCUMENT NO. 12

ANNUAL MEETING - JUNE, 1964

List Of Species With Names Used In The
Statistical Bulletin And Scientific Names

By: B. F. Calvin DeBaie

At the Thirteenth Annual Meeting (June, 1963) a group of three specialists reviewed the comparative list of common and scientific names of fishes used by ICNAF and ICES and recommended twenty-two changes. These changes have now been incorporated into the original list and appear for any further review and refinement. (Vide Redbook 1963 Part 1 : Recommendation 55, page 70)
