

International Commission for

the Northwest Atlantic Fisheries

Serial No. 3400  
(A.a.4)

Comm. Doc. 74/32

ANNUAL MEETING - JUNE 1974

Proposal by the US Commissioners on amending  
the Subarea 5 haddock quota regulation

The following is submitted to replace paragraph 2 of the Subarea 5 haddock quota regulation (Comm. Doc. 74/12, p. 28):

"2. That in order to avoid impairment of fisheries conducted primarily for other species and which take small quantities of haddock incidentally, the Contracting Governments may permit persons under their jurisdictions to have in possession on board a vessel fishing primarily for other species amounts of haddock not in excess of 2,500 kg, or 15% by weight of all other fish on board caught in Subarea 5 but in no event in excess of 7,500 kg."
