ANNUAL MEETING - JUNE 1976

Canadian request for consideration of possible adjustments to national allocations
for certain redfish and capelin stocks in ICNAF Subareas 2 and 3 in 1976

In the light of grave difficulties faced by certain elements of the Canadian fleet this year, Canada may request at the 1976 Annual Meeting of the Commission adjustments of national allocations for certain redfish and capelin stocks agreed to at Commission meetings during 1975. Such adjustments would involve mutually agreed transfers between Canada and one or more other ICNAF Member Countries. Canada, therefore, requests that the Agenda provide an opportunity for discussion of this matter at the June Meeting.
