(H)

ICNAF Sum. Doc. 78/VI/5

ANNUAL MEETING - JUNE 1978

List of Fishing Vessels 50 GRT and over, 1976

by

Assistant Executive Secretary

1. Introduction

The ICNAF *List of Fishing Vessels* is published every 3 years, the most recent issue of this series being that for 1974, which was published early in 1976.

At the January 1974 Special Meeting, STACRES reiterated the need for continuing the *List of Vessels* series, and recommended that the list be updated annually and issued as a summary document for the succeeding Annual Meeting. Sum. Doc. 77/VI/4 (issued in early 1977) contained all available information for 1975, as derived from the national submissions of member countries except Denmark (Faroes) and Romania.

Early in 1977, member countries were requested to report on vessels fishing in the Northwest Atlantic during 1976. The available information is contained in appended Tables 1 to 16. No reports for 1976 were received from Denmark (Faroes), France (Metropolitan), Iceland, Romania, Spain, and USA.

2. Number and Tonnage of Vessels by Country, Gear and Tonnage Class

The following table gives the number and tonnage of fishing vessels (50 GRT and over) by country, gear and tonnage class for 1976 (based on the data given in Tables 1 to 16), with information on the number and tonnage of vessels in 1975 for comparison.

The abbreviations for fishing gears and tonnage classes used in this table are defined as follows: OT = otter trawl, OT-1 = otter trawl side, OT-2 = otter trawl stern, SN = seine nets, PS = purse seine, BS = beach seine, GN = gillnets, LL = longlines, FPO = covered pots, DRB = boat dredge, NS = not specified; 3 = 50-149 GRT, 4 = 150-499, 5 = 500-999, 6 = 1000-1999, and 7 = 2000 and over.

3. Notes on Statistical Items in the Vessel List (Tables 1 to 16)

The listing of vessels by country corresponds with the arrangement adopted for statistical reporting purposes, i.e. separate lists are given for Canada (MQ) and Canada (N); for Denmark (F), Denmark (G) and Denmark (M); and for France (M) and France (SP). The vessels are listed by name in alphabetical order, followed by the various parameters in the order listed below.

- Vessel Name - In a few cases the name of the vessel is abbreviated to fit in the available space. For some countries the vessel type (i.e. BMRT, etc.) and vessel number is given.
- Date Built - The year when the vessel was built or completed.
- Gross Tonnage - The gross registered tonnage (GRT) is given here. Tonnage data, originally submitted to one or two decimal places, have been rounded to the nearest ton.
- Total Length - This should be the overall total length of the vessel, but for some countries the length may be registered length. The unit of measure (feet or meters) is indicated in the table headings. Lengths reported to one or more decimal places have been rounded to the nearest unit.
- Engine Horsepower - The brake horsepower, i.e. the manufacturer's nominal rating for continuous operation.
- Engine Type - Such types as Steam, Diesel or Diesel-Electric, etc. are indicated when available.
- Register Number - This is the official national register number of each vessel.
- Vessel Call Letters - The call sign assigned to the radio-telephone equipment on the vessel is given here.
- Home Port - The home ports are given as 2-letter codes; the ports corresponding to these are listed in Section 4 below.
- Echo-sounder - The presence of horizontal and/or vertical type sounders is indicated by the letter X.
- Crew - The number of crew members usually carried.
- Gear Type - The type of gear is designated by abbreviations corresponding to those listed in Section 5 below.
- Subareas Fished - These are designated by the digits 0 to 6 and mean Subareas 1 to 5 and Statistical Areas 0 and 6.

5. Fishing Gears and their Abbreviations

Abbreviation	Gear
OTB	Bottom otter trawl (side or stern not specified)
OTB1	Bottom otter trawl (side)
OTB2	Bottom otter trawl (stern)
OTM	Midwater otter trawl (side or stern not specified)
OTM1	Midwater otter trawl (side)
OTM2	Midwater otter trawl (stern)
PTB	Bottom pair trawl (2 boats)
PTM	Midwater pair trawl (2 boats)
SDN	Danish seines
SSC	Scottish seines

Abbreviation	Gear
SPR	Pair seine (2 boats)
SB	Beach seines
PS	Purse seines
GN	Gillnets (not specified)
GNS	Gillnets (set)
GND	Gillnets (drift)
LL	Longlines (set or drift not specified)
LLS	Longlines (set)
LLD	Longlines (drift)
LHP	Handlines and pole-lines
LTL	Troll lines
LDV	Dory vessel gears
FIX	Traps (not specified)
FPN	Uncovered pound nets
FPO	Covered pots
FWR	Barriers, fences, weirs, etc.
DRB	Boat dredges
DRH	Hand dredges (e.g. rakes and tongs)
HAR	Harpoons
MIS	Miscellaneous gears
NK	Gear not known or not specified
